

Directions for filling out the cards

- Form fields with the gray outlines can be filled in on screen and printed. Data is not saved.
- Navigate between form fields by using the TAB key or clicking with the mouse.
- Data entered in the coach card appears automatically in the registration clerk card (and vice versa).
- Clicking the reset form button clears the entire form.
- For state-level Horticulture, Dairy Cattle, Livestock, Dairy Foods, Crops, and Meats Evaluation and Technology CDEs which use Scantron scoring, the IL FFA chapter number is used as the team number—this field can be filled in prior to arriving on site. For other events, a team number is assigned at registration.
